Professional Summary

Over 10 years working in the post-production area in Brazil, core competencies in editing and finalization of videos for TV and internet, as well as motion graphics. Including knowledge in audio treatment and color correction.

Work Experience

Post-Production Video Editor, Nov/2013 to Nov/2019

Band TV – São Paulo, SP, Brazil

BAND TV is part of the second largest communication group in Brazil, with several post-production professionals whose main activities were:

- Edited content from different genres such as journalism, sports and entertainment.
- Selected and combined the most effective shots of each scene to form a logical and smoothly running story.
- Determined the specific audio and video effects and music necessary to complete films.
- Edited videos to insert music, dialogue and sound effects, arranged films into sequences, and corrected errors, using editing equipment.
- Cut shot sequences to different angles at specific points in scenes, making each individual cut as fluid and seamless as possible.

Post-Production Video Editor, Feb/2013 to Nov/2013

Bossa Nova Films – São Paulo, SP, Brazil

Bossa Nova Films is one of the largest producers of audiovisual content in Brazil that produces exclusive narratives for cinema, shows, TV series and Internet.

- Created rough and final cut.
- Consulted with stakeholders from production to post-production process.
- Trimmed footage segments and put together the sequence of the film.
- Organized and string together raw footage into a continuous whole according to scripts or the instruction of directors and producers.
